## FAQs

### How do I download the app?

You can go to your preferred app store, and search ReachMoreParents.

### How do I get started?

Once downloaded open the app and click 'Activate Your Account' at the bottom of the login screen. Enter your unique enrolment code that your school should have sent to you via email/letter and follow the in-app, step-by-step instructions to complete your registration. If you haven't received this email/letter yet, please speak to your school.

### I am not able to download the app, how else can I log in?

You can access ReachMoreParents on any internet-enabled device. Speak to your school.

### Can I use ReachMoreParents without registering?

Unfortunately not. Due to permissions within the system, only people who have enrolled can log on.

### Do I need multiple logins if I have children at more than one school?

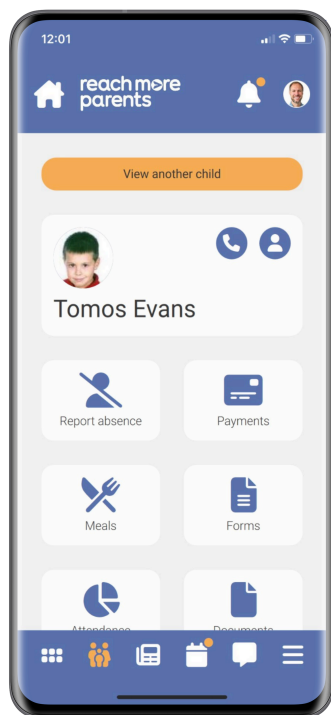

The good news is, no you don't. ReachMoreParents can allow more than one school to be accessible under one login. As long as your school has set up the right access rights for you, you can flick between each school within ReachMoreParents.
